

Engineering Your Visions To Reality

COMPANY PROFILE

WHO WE ARE

Thosholo Holdings is a black owned engineering business and full-service construction company offering electrical, civil, mechanical and SHEQ services. We have a team of experts with vast experience in infrastructure development, servicing public and private sectors on an end-to-end scale. We value high performance, excellence, adaptability, and responsibility.

Our core business focus is to provide service excellence and exceed our clients' expectations. We achieve this through consistently providing the most professional and thorough

procedures. We take our clients' individual; needs into account and work closely with them to make sure that they receive the best possible end-results that is in accordance to their requirements. Our workmanship is of the highest quality, ensuring our clients' receive durable and safe end-products

Ethical Conditions

Ethics basically refer to character of a business:

- As per our ethical practices we provide complete contractual and cost transparency to ensure mutual benefit.
- We make sure that we conduct monthly reports to gauge client's satisfaction.
- As part of our quality assurance our company ensures adherence and compliance to industry standards and regulations for optimal performance.

VISION

Provide a quality service on time, within budget, ethically, and diligently all while gaining a reputation for excellence and integrity.

- > Create a service-based company whose primary goals are to exceed customers expectations.
- > Develop a business, being maintained by its own cash flow.
- > To continually grow our market share nationally.

MISSION

To perform for our customers the highest level of quality construction services and market competitive prices.

To ensure the longevity of our company through repeat and referral business achieved by customer satisfaction in all areas including timeliness, attention to detail and service-minded attitudes.

To maintain the highest levels of professionalism, integrity, honesty, and fairness in our relationships with our suppliers, subcontractors, professional associates, and customers. Our values guide the way we work with our business with our partners, within our communities and with each other. Through our values, we have created a company culture where ideas can blossom, people can thrive, and success can flourish.

Organization Culture

Company has capable personnel that are internally trained to optimize performance. We hire people with previous experience or related educational background in the service, we provide as assurance mechanism to our clients and to ensure all contractual obligations are met and exceeded at all times.

CORE VALUES

Our values guide the way we work with our business with our partners, within our communities and with each other. Through our values, we have created a company culture where ideas can blossom, people can thrive, and success can flourish.

Respect & Honesty

We in the inherent good in every person and we treat each other and the clients with the same view of mutual trust, respect, loyalty and sincerity. Thosholo Holdings will disclose relevant information to its stakeholders and operates within the boundaries of South African legislation.

People's Development

We support our employees by developing their skills in line with the needs of Thosholo Holdings. This further translate into developing individual to be leaders, independent and empowered to make decisions. As agents of empowerment, it is mandatory that we raise leaders who have the courage to make decisions independently without fear or bias.

Awesome Service

This means doing it right the first time at the lowest cost with the highest level of satisfaction. At Thosholo Holdings we would like to exceed the expectations of our clients and we extend our expertise in ensuring awesome service. Customers are the root of our existence, we function to serve their needs. Our customer's journey of growth and success is our obligation.

Accountability

We believe in assuming responsibility for our actions and being answerable to our internal and external stakeholders. Where our actions are not aligned to the vision, we believe that consequence management should be affected.

Teamwork

We recognize that people are our most important assets. To be successful, we must maintain a rewarding working environment where we respect each other's opinions and share. knowledge with a view to individually and collectively developing our ability to work as a team. We provide opportunity

and encouragement to help our people reach their potential to achieve excellence, deliver value and continually develop their skills.

Commitment

We provide value to our clients by delivering a quality service. Long term relationships are the sustenance of our business, and we aim to be our clients' benchmark for dependability, expertise, and quality. We are proactive in finding solutions for our clients that best achieve their objectives through effective communication, careful planning, risk management and operational control.

Performance

Ensuring the appropriate performance at all levels and sector activities such that the final deliverable meets all the requirements and, in addition, achieves all the social values.

Reliability

We have consistently delivered projects to the satisfaction of our clients by adopting a partnering approach with a view to providing solutions that mitigate risks and achieve our client's objectives

Integrity

We work to the highest ethical standards by practicing uncompromising integrity, honesty, and fairness. We can compromise in all aspects except quality & quantity.

OBJECTIVES

- Excellent customer-service through continual training of our management and staff.
- Small size allowing direct management oversight to every project

We pride ourselves by the following business values Team Work "If you want to walk fast, walk alone. If you want to walk far, walk together". Success that stand the test of time is largely a product of teamwork. At Thosholo Holdings, we value collaboration, relationships and community. We pride ourselves in cultivating a culture of trust: interdependence instead of independence.
